for Little Children in India and Nepal

# Gospel Projects International

**A small organization with a big heart!**

By Anna Dunagan, with Lana Waters

**G**ospel Projects International (GPI) is a non-profit Christian mission organization with a vision to REACH OUT and to help those in need. Josh and Anna Dunagan founded (GPI) as a newly married couple in 2011 with a passion to help children. Together Josh and Anna volunteer as directors of GPI, operating the non-profit organization from their home in the Moses Pointe neighborhood. Josh works a full time job in construction management, and Anna is a stay-at-home mom caring for their three children: Katie, Trevor, and Ellie.

GPI currently provides full-time care for 32 orphans at “Aasha (Hope) Children’s Home” in South East India, many of whom come from very tough backgrounds. “Malleswari” (pictured) is one of the 32 children GPI is caring for right now in India. When she was a young girl, both of her parents died from HIV/AIDS and for years she had to work as a child laborer just to have food to eat. Malleswari had also been unable to go to school because she had no money.

One of the first children GPI began caring for at Aasha “Hope” Children’s Home, Malleswari has now grown to be an accomplished young woman who is currently attending college in India!

GPI provides college scholarships to young people like Malleswari with the help of financial gifts from church organizations, schools, individual and corporate sponsorships and from gifts from people from all walks of life.

Every dollar that GPI receives to sponsor a project goes directly back to the children for that specific project.... and American dollars go a long way in India.

A child in India can attend a full year of college for just \$300! Education, food, shelter, medicines, mosquito nets, clothing, books and necessities for each child are just a few of the services GPI provides to these children.

And family. With a safe place to live, healthy food to eat and a group of people that care for them and about them, these kids have received perhaps the greatest gift of all... people that care about them, just like family.

It's truly amazing the difference something as seemingly insignificant as a meal or a warm blanket can really make. You should have seen them when their sponsors presented them with bicycles a few months ago. Amazing! And it all happens completely as a result of the generosity of people just like you.

Josh and Anna (and the GPI team) would like to give a great big THANKS to all those in Moses Lake who have supported this outreach over the years. Many people in Moses Lake and around the world have partnered with GPI to give Malleswari and other children the care they need. You too can have a part in the outreach of Gospel Projects International!

GPI is a small home-based organization that tries hard to keep overhead expenses low so more funds can go directly to help people in need. In fact, when someone wants to help sponsor a project, 100% of the donation goes directly to the need, without anything being taken out for overhead expenses!

Currently, GPI is focusing on starting a second orphanage in Nepal to provide care and a home for children whose parents died in the devastating earthquakes in 2015.

You too can have a part in helping these precious children! Here are a couple of the projects we are focusing on this spring:

- **Monthly Sponsorship for Children: \$25/month**
- **Orphan Mattress Sponsorship: \$50/bed**
- **Bedrooms for new children's home: Any amount helps!**

To learn more about GPI's impact visit [www.gospelprojects.org](http://www.gospelprojects.org). To keep updated on what Gospel Projects International is doing around the world you can sign up for a monthly update letter by emailing Josh and Anna at [info@gospelprojects.org](mailto:info@gospelprojects.org). If you sign up to receive GPI's updates you will receive some authentic Indian tea in your welcome packet!
